The management and staff of the State Credit Union want to say “thanks” for being our member. The last 2-3 years presented some uncertainties and it appears this year will be the same with inflation, the war in Ukraine, rising fuel costs and other daily necessities, and market volatility. So, if you are feeling some financial stress for whatever reason, come to see us first. You are our member and we will treat you like a person, not a number. We have all the products and services available to make your business convenient and safe. Whether you’re still working or a retired state worker, we can be your primary financial institution and help you meet your needs and goals. Together, we can make it happen.

CREDIT vs DEBIT CARD MEMBER NOTICE:

Choose credit or debit when using your master card debit card (Check Card)??

Choose "credit" on point of sale (POS) transactions when it is available to help support your credit union.

By choosing credit (signature based), it helps to allow the credit union to offer lower fees and more services and often provides more security.

If the merchant's machine automatically prompts you to enter your PIN, simply ignore that request and push the Green "O" (Circle) on the right side. This will proceed as a credit transaction.

Thanks for doing your part to help the credit union, together we are strong.
