Technologists News ...

What's New?

The FY-2017 "**Annual Report**" is available for review on our website under the tab "**For Your Information**". I would encourage all technologists to review the annual report. The report contains information about 1) Complaints and Sanctions, 2) Licensee's with

Board will still alert technologists prior to expirations and technologists will still renew annually. The Board will continue visiting facilities verifying **compliance in posting and licensing procedures**. The Board will

county statistical information, 3) Financial Transactions, 4) Continuing Education Audits, 5) Inspections of Licensee's and Schools.

The **2017 Paper License** is also changing. The paper license will no longer have an expiration date. The new license will promote online license verification and expiration information. The

also continue completing random **Continuing Education Audits**.

The Board encourages you to make sure we have your correct information. Please notify us with all name, address or e-mail changes as soon as possible. **Have a happy, healthy new year!**
