COMPLAINTS

A. KENNETH A. HARRISON - FINAL ORDER REINSTATED - REVOKED BY ARRT

Mr. Bowyer informed the Board that the State Supreme Court had reinstated the original consent agreement that had been approved by the Board. Mr. Bowyer stated that part of the original consent agreement required Mr. Harrison to reimburse the Board for administrative costs in the amount of \$8,251.63. Mr. Bowyer stated that there had been no contact from Mr. Harrison in regard to the payment of this amount. Ms. Campbell discussed options that the Board could take to collect the amount owed. After discussion Ms. Godby made a motion that Ms. Campbell prepare a letter to be sent to Mr. Harrison's attorney informing him that Mr. Harrison has not paid the amount owed and that, if not paid in full within thirty (30) days, the Board will seek court action on this matter. Mr. Harrison will not be allowed to obtain a license with the Board until payment is made in full. Ms. Browning seconded

the motion and the motion carried.

B. 02-FY2011 - TERMINATED - THEFT OF PRESCRIPTION DRUGS (NMTCB)
HEARING SCHEDULED FOR DECEMBER 6, 2011

Mr. Bowyer informed the Board that this licensee had not responded to any of the letters he has sent regarding this incident. Mr. Bowyer stated that the case had been set for hearing on December 6, 2011.

C. 05-FY2011 - CHANGING CT PROTOCOLS RESULTING IN OVEREXPOSURE TO
PATIENTS - ETHICS COMMITTEE

Action on this item was tabled until the next Board meeting for a vote.

E. WORKING ON LAPSED LICENSE - ETHICS COMMITTEE

Ms. Browning informed the Board that the Licensee had appeared before the Ethics Committee and had stated that during the time that his license was expired, he had not preformed any imaging procedures. F. TERESA TAYLOR - COMPLETION OF CONSENT AGREEMENT (10/31/11)

Mr. Bowyer informed the Board that Ms. Taylor is nearing completion of her Consent Agreement and had complied completely with every stipulation except the Continuing Education that had been required. Mr. Bowyer & Ms. Belmont stated that they had not been able to find any CE's that would met the Consent Agreement requirements. Ms. Browning made a motion to modify the Consent Agreement to not require the licensee to get the CE's. Ms. Godby seconded the motion and the motion carried.

G. KIMBERLY SCAFELLA - CONSENT AGREEMENT NON-COMPLIANCE

Mr. Bowyer informed the Board that Ms. Scafella had contacted the office two days prior to her license expiring regarding renewal. She was informed that she had not complied with the terms of her Consent Agreement requiring her to get a total of 9 additional Continuing Education credits approved by the Board and, until she was in compliance with this requirement, she would not be allowed to renew her license. After discussion, Ms. Browning made a motion that a letter be sent informing her that she is in violation of her existing Consent Agreement and that her license cannot be renewed. The letter is also to inform her that she cannot work on an expired license and that she has a right to request, in writing, a

renegotiation of her consent agreement within ten (10) days of receipt. Ms. Campbell is to review the letter for the Board. Mr. Bowyer is to contact the employer and inform them that Ms. Scafella cannot preform imaging procedures because of her expired license. Ms. Oughton seconded the motion and the motion carried.

OLD BUSINESS

A. SUNRISE APPLICATION FOR 2012 - STATUS

Mr. Bowyer informed the Board that the Sunrise Application to add the discipline of Sonography to the Board's law is in the review stage and that the required research regarding the report is almost completed. It is expected that this report will be presenting to the Legislature in December. The report will make a recommendation on whether the discipline of Sonography should or should not be regulated. Mr. Bowyer indicated that he would be attending the presentation to the Joint Government Operations committee of the Legislature when this report is presented to answer questions from the legislators.

B. EXECUTIVE DIRECTOR POSITION - STATUS

Ms. Belmont informed the Board that a total of five (5) applications had been received for the Executive Directors position and that the last date for receiving applications is October 15th. Ms. Belmont stated that the Selection Committee would be meeting after the closing of the application time frame and letters would be sent to the references listed by the candidates.

NEW BUSINESS

A. ELECTION OF SECRETARY

D. WORKING ON LAPSED LICENSE - CONSENT AGREEMENT

Ms. Campbell discussed what actions the Board could take regarding Licensees working on a lapsed license. Ms. Campbell agreed to prepare a letter to send to the licensees. After discussion, the Board agreed to look at each incident on a case by case basis before taking any action.

Mr. Bowyer informed the Board that the Auditor's Conference will begin the afternoon of November 30th, continuing into the evening, with a dinner being provided. The meeting will continue on the morning of December 1st. Mr. Bowyer stated he would email all the information regarding the meeting when it becomes available.

F. TURNING IN OF STATE CAR

Mr. Bowyer informed the Board that the state car assigned to the Board has reached 100,000 miles and mechanical problems had cost the Board over \$3,000 last year. After discussion, it was decided that if future major mechanical problems arise, the car would be turned in to Surplus property. Depending on the new director's preference, a decision will be made at that time as to whether the Board will lease another car or rent one on an as needed basis.

G. COPIER LEASE

Mr. Bowyer informed the Board that the copier lease is set to expire in November. Mr. Bowyer stated that there is a possibility that the Board could purchase the existing copier and get a maintenance agreement, which would amount to a considerable cost savings to the Board verses leasing a new copier. After discussion, Ms. Oughton made a motion giving Mr. Bowyer authorization to purchase the existing copier up to the amount of \$1,000 dollars, and, if the amount required for the used copier exceeded this amount, Mr. Bowyer would be authorized to lease a new copier using the state leasing process. A maintenance agreement is also to be purchased if the copier is purchased. A maintenance agreement is required for all leased machines. Ms. Layton seconded the motion and the motion carried.

MEMBER CONCERNS

B. Displaying Licenses

Ms. Browning discussed problems that had been brought to her attention regarding patients being able to see the technologist's licenses that are posted at their work place. She brought up that other medical professionals were not required to display their licenses. Mr Bowyer informed the Board that the posting of the licenses is written in the laws of the Board and cannot be changed without going through the Legislature. No action was taken on this item at this time.

2. May a member of a licensing Board be a member or officer in a professional organization that the Board regulates.

After discussion, it was determined the Board's Series 1 rule required the licenses be displayed at a licensee's work place. A legislative rule change would be required to modify this requirement. Dr. Gabriele made a motion that no action be taken on this item at this time but be placed under consideration for when the Board might update the law and Rules before the Legislature. Ms. Peters seconded the motion and the motion carried.

March 22, 2012

E. ISSUING TWO OR THREE ORIGINAL LICENSES FOR RENEWAL FEE

Mr. Bowyer stated that he had received a request to issue additional licenses to licensees that work in more than one location. After discussion, it was determined that the Series 1 Rule allows the licensee to photo copy their license and post that at their additional work place, as long as they have their pocket card available to verify their copied license. A change to the Legislative Rules would be required before the office could furnish additional licenses at no costs. Current Series 1 Rule requires a \$15.00 fee per duplicate license. Dr. Gabriele made a motion that the current policy be maintained until such time as the Board may consider this request and re-write the Series 1 Rule. Ms. Oughton seconded the motion and the motion carried.

F. RESIGNATION - NANCY - EFFECTIVE 3/31/2012

VI. List of Active Licensees

Introduction

The following documents detail the total number of Active Licensees in the Database of the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners (**Board**) for Fiscal Year 2013, and are listed by their Employer's State and County. This list is based on a database list prepared on July 8, 2013 and is limited to those individuals who were active at the point of data retrieval.

The accuracy of information within the Board's database is dependent upon information provided by each individual licensee. This list has been prepared based on the State and County provided by the Licensee. Active Licensees are listed State of employment, County of employment, and then each licensee within that county are listed in Alphabetical Order by last name along with their West Virginia Medical Imaging License Number, Status, Original License Date and License Expiration Date. In many instances the licensee did not provide the State or County of employment.

The "Status" column indicates the following:

A	Active Medical Imaging Professional
AC	Computed Tomography Nuclear/Fusion Certified
B	Podiatry
MR	Magnetic Resonance Imaging Apprentice
NM	Nuclear Medicine Apprentice
P	Probationary
T	Temporary

In the instance that you see "**N/A**" in the Original License Date Column, the individual had a Temporary Permit at the time the dataset was obtained and would not yet have had their Original License.

MEMORANDUM

To: Apprentice Applicants for MRI and/or NM

From: Nancy Godby, MS-MHA, MA, RT(R)(M) ARRT CHC
Executive Director

Date: April 19, 2013

RE: Original and Renewal Apprentice Applications

Following a review and discussion at the April 18, 2013 Board Meeting, Apprentice Licenses can no longer be renewed online.

Effective April 18, 2013, you must submit these new paper documents to the Board Office to apply for and/or renew an Apprentice License. The following pages contain a PDF version of an Application for an Original and/or Renewal Apprentice License in Nuclear Medicine (NM) and/or Magnetic Resonance Imaging (MRI).

You must meet the following requirements to qualify for and/or renew an Apprentice License:

1. Must have a current-valid unrestricted Medical Imaging License issued by the West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners;
2. Complete and submit the “**Apprentice License Application**” form;
3. Complete and submit the “**Certification of Apprentice Supervision**” attestation form;
4. Complete and submit the “**Apprentice Licensure Ethics Statement**” form.

It is critical that you complete all documents. Failing to do so will result in delays in processing. Additionally, you must review and comply with **§ 30-23-19. Requirements for an apprentice license for Nuclear Medicine Technologists and Magnetic Resonance Imaging Technologists.**

(a) The board may issue an apprentice license to an individual who is practicing as a Nuclear Medicine Technologist or a Magnetic Resonance Imaging Technologist prior to July 1, 2007 but has not obtained certification in the discipline. A notarized letter, signed by the individual's supervising licensed physician, must be submitted with the individual's application, stating that the individual has performed the duties of a Nuclear Medicine Technologist or Magnetic Resonance Imaging Technologist prior to July 1, 2007.

PET-CT Testing Permit Testing Protocol

1. The West Virginia Medical Imaging & Radiation Therapy has made available a “**PET-CT Permit**” that limits practice to the fusion portion of PET imaging and excludes diagnostic CT imaging. Passing this examination **is not** a national certifying examination, limits your practice to West Virginia, and may not transfer to another state.
2. Passing this examination will allow certified Nuclear Medicine Technologists and Certified MRI Technologists to perform CT imaging limited to the fusion portion of the scan, but does not qualify the individual to perform diagnostic CT imaging unless you are also nationally certified to perform CT.
3. Passing this examination will allow certified Radiation Therapy Technologists to perform radiation therapy treatment planning and simulation utilizing a CT unit, but does not qualify the individual to perform diagnostic CT imaging unless you are also nationally certified to perform CT.
4. All PET-CT testing examinations for a WV PET-CT Permit must be scheduled by contacting the office of The West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners, (Board). Test sessions are scheduled and proctored by Board Staff Members.
5. Submit an application in writing to the Board Office and request to schedule a PET-CT test.
6. The test is a paper-pencil examination of one hundred (100) multiple choice questions with a time limit of one and one half (1.5) hours.

7. Test sessions will be scheduled at the Board Office in Cool Ridge, WV On Tuesday, Wednesday or Thursday unless other arrangements have been made for test sessions at an alternate site, (contact the Board Office for the option to schedule an alternate site session).
8. Each individual requesting a test session will be given a ninety (90) day window to schedule their test session and test sessions are limited to two (2) individuals for each time frame at the Board Office, (10:00am or 1:00pm).
9. No more than three (3) attempts will be allowed to pass the PET-CT test. A fourth attempt can be made after a Board approved remediation class.
10. A minimum passing score of 75% will be required. No continuing education credits will be issued by the Board for passing this examination. This is a licensing requirement for operation of CT units for PET-CT.
11. You will be notified within two (2) weeks of taking the examination of your score.
12. A variety of vendors routinely provide opportunities to purchase materials related to medical imaging. The Board does not provide nor does the Board endorse any particular study guide or materials.
13. You must submit a copy of certificates to document radiation safety training along with your application for testing. Contact the Board Office for assistance, (wvrtboe@suddenlinkmail.com or 304-787-4398).

West Virginia Medical Imaging State Licensing Examination

The West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners has an arrangement with the American Registry of Radiologic Technologists (ARRT) to administer the ARRT Examination to individuals who meet the minimum standards detailed on the ARRT Website for State licensing. Copy and paste the following link to the ARRT Website for details of eligibility and ARRT video instructions:

<https://www.arrt.org/State-Licensing/> and <https://www.arrt.org/videos>

Taking the West Virginia Medical Imaging State Licensing Examination limits the applicant to practice in West Virginia and does not qualify the applicant to hold the ARRT national certification. The West Virginia Medical Imaging State Licensing Examination does not transfer to other states. West Virginia currently offers the following State Licensing Examinations through the ARRT:

Radiology, (R)

*Computed Tomography, (CT)

*Magnetic Resonance, (MR)

*Nuclear Medicine, (NM)

Applicants for a West Virginia State Licensure Examination must comply with the standards detailed on the ARRT Website and complete the following forms along with the appropriate fee to apply for eligibility to take the ARRT State Licensing Examination.

Contact the Board Office at wvrtboe@suddenlinkmail.com or call Nancy Godby at 304-923-7879 with any questions you may have.

(*Note: you must hold a current national certification from the ARRT in another modality to qualify to take the State Licensing Examination for CT, MR and/or NM.)

CANDIDATE NAME

MEDICAL IMAGING DISCIPLINE

The **West Virginia Medical Imaging & Radiation Therapy Technology Board of Examiners** clinical experience requirements are the same as those required by the American Registry of Radiologic Technologists® (ARRT). Consult the ARRT Clinical Experience Requirements at www.arrt.org for the procedure requirements of your discipline and organize your listing according to that outline. If all of your clinical procedures are completed at the same facility, documenting the facility name once is sufficient. Only those procedures completed within the 24 months before the date the application is received will be accepted.

A licensed technologist or licensed physician must verify and initial your completion of each procedure. For each set of verifier initials, submit all identification and contact information on the accompanying Verification Identification Page. If you intend to apply for ARRT certification please use the ARRT documentation form since their form and verifier requirements are slightly different.
