2020 Annual Report

The FY-2020 Annual Report is available for review on our website under the "Board Information" Tab. We encourage all technologists to review the annual report. Information such as complaints and sanctions, licensee statistics, financial transactions and school information can be found in the report.

What's New and Upcoming for 2020

We would like to congratulate Rosemary Trupo for being elected as the new chairman of the Board. This Board is lucky to have her guidance. We would also like to welcome new Board Members Victoria Novick, Mercedes Ramas, Todd Resley, Dee Workman, Tyson Judy and Roxanne Clay to our team.

We are also excited that our new Series 1 rules went into effect April 1, 2020. One of the most requested changes is that paper licenses are no longer required to be posted in a public place.

We are excited to announce our new Certemy Licensing System live on September 15, 2020. This system is available 24/7 online and allow our licensees to print their licensing documents anytime.

COVID Changes

The office will be closed to the public, in person meetings can be made by appointments be contacting the office.

Jamie Browning, Executive Director
